THAT'S **weis**

## A Message from Jonathan Weis, Chairman and Chief Executive Officer

For more than 100 years, Weis Markets has been a locally focused company that has worked hard to serve its customers and communities. Our company and customers have long benefited from the commitment and service of Weis associates both past and present. We are proud of our team and grateful as well.

As a company, our challenge is to balance the tried and true fundamentals of food retailing with emerging new programs and services which are important to an increasing number of customers. We know everyday life is fast-paced and demanding. It also offers more choices than ever before. Our central goal is to stand out in a cluttered market place and offer an excellent customer

experience built on value, quality and service.

For some in food retailing, the focus is efficiency at the expense of customer experience. Production is centralized while in-store services are reduced. While this may save money and look good on paper, it can come at the expense of quality and service. At Weis Markets, we believe it is possible to be efficient while offering both. Where others only sell case ready beef, we employ butchers who offer customized cutting. Our bakeries do more in-store baking than most of our competitors while our sushi and cut fruits are prepared in-store. Customers know the difference. This commitment will help us compete in the diverse markets we serve.

Equally important is our commitment to growth. Over the past year, we've purchased 44 stores, which has enabled us to expand into new markets and states. At the same time, we continue to invest in our store base and supply chain. Over the past year, we have opened two new stores, remodeled 18 stores and completed the expansion of our distribution center. This balanced approach has allowed us to improve our offering in an extremely competitive market.

We are proud of our past success but know we are measured on what we do today and in the future. As an organization, we look to the future with confidence to grow and prosper in the years ahead.

# Congratulations to Weis Markets on 105 years of Retail Excellence!

With best wishes for continued success,  
from your partners at

**ACOSTA**  
SALES & MARKETING

and these fine brands  
**Are Proud to Salute Weis Markets!**

**Kurt Schertle**  
COO

To Our Valued Associates and Business Partners,

In 2016, we acquired and converted 44 stores in 96 days. As part of this process, we expanded into two additional states and welcomed more than 3,000 new associates to our company. During this period, associates from every part of our company helped convert individual stores in less than a week's time.

We are enormously proud of our associates, both new and legacy, who helped us convert and relaunch these stores. In little more than three months' time, we achieved ten years' worth of growth.

The changing competitive landscape has resulted in growth opportunities for our company. At the same time, we continued to invest in our store base, information technology and distribution systems. As a successful company, we have long understood the need for continuously investing in our growth and improvement.

Today, we are focused on the opportunities presented by a changing market place. Our continuous reset program has enabled us to serve the changing needs of our customer base. This program has helped us accelerate our speed to shelf for new products, which has also helped us increase our variety in emerging new categories, including gluten free, organic and beer and wine in Pennsylvania.

We also understand the importance of strong supplier partnerships and recognize the need for mutually beneficial relationships. Our merchants and category management teams are always ready to listen to our supplier partners and take pride in their responsiveness.

In an industry disrupted by changing customer needs and intense competition, we are proud of the men and women of Weis Markets who have helped us succeed in an intensely competitive market place. Their success is our success.

Sincerely,

Kurt Schertle  
COO

# EAT BETTER, SPEND LESS | THAT'S **weis**

## Living Local, Giving Local

At Weis Markets, we believe in giving back to the communities we serve. In 2017, we generated more than a million dollars in donations for non-profit organizations including local food banks, Red Cross hurricane relief efforts, community emergency services and the Paralyzed Veterans of America.

The Central Pennsylvania Food Bank wishes to thank Weis Markets and their trade partners for their dedication to helping us reduce hunger in 27 counties across Pennsylvania. We work with more than 1000 local agencies to provide nearly 650,000 nutritious meals to people in need every week and we couldn't do it without your generous support.

*Thank you!*

[www.centralpafoodbank.org](http://www.centralpafoodbank.org)

**MARYLAND  
FOOD BANK**

"For years, Weis Markets has been a meaningful partner in the Maryland Food Bank's battle to end hunger across the state, donating hundreds of thousands of pounds of food through the food bank's Retail Rescue Program. As their retail footprint has grown in Maryland, so has their generous support. Just last month, Weis donated \$50,000 to the food bank in celebration of their new store in Brunswick, Maryland. The company has also been a long-time supporter of the Maryland Food Bank through their Fight Hunger Program, which pairs customer donations with matching corporate donations. Weis understands what it means to help our neighbors in need, and we are truly grateful for their invaluable support."

*Carmen Del Guercio, Maryland Food Bank President & CEO*
